

AP Human Geography Course Syllabus¹

North Pointe Prep
Fall 2021-Spring 2022

Instructor Information

Mrs. Nikki Barnes

Phone: 623.209.0017

Email: nbarnes@pointeschools.org

Location: Room 511

Google Classroom Join Code: zsoersl

AP Classroom Join Code: 93Y4V2

Required Materials

- Textbook: Hildebrandt, Barbara, et al. *Human Geography for the AP Course*. 1st ed. BFW Publishing, 2021.
- Computer access: *Pointe Schools student email account with Google Classroom access, Word processing software (i.e.: Word, Pages, Google Docs, etc.), general Internet for assignments and research*
 - Student accounts for the following: College Board, AP Classroom.
- 2” Binder with 8 dividers (AP Docs/Mapwork, Unit 1, Unit 2, Unit 3, Unit 4, Unit 5, Unit 6, Unit 7): *Students will keep and organize their work by unit in this binder. Handouts, graded assignments, study guides, etc. are critical tools in understanding and retaining knowledge, so students will KEEP THEM. Final exams, as well as the AP exam, will be cumulative.*
- One subject notebook for reading assignment outlines: *Students will be required to outline the text information, as well as identify major terms and ideas. There will be scheduled reading quizzes to assess student understanding of reading materials. Whatever notes are taken in the notebook may be used on the reading quizzes. These notebooks will be collected quarterly for a homework grade.*
- Academic Planning Calendar (teacher provided): *Students will be provided an academic planner where they will keep track of course assignments and assessments. This calendar may be (and should be) used across disciplines. Students will record their weekly assignments at the beginning of class every Monday.*
- Pens/pencils, highlighters, colored pencils

Course Information

Purpose: AP Human Geography (APHG) is an introductory college course in human geography. Students will be introduced to a systematic study of patterns and processes that have shaped human’s understanding, use and alteration of Earth’s surface. They will look spatially at Earth to analyze human’s organization of space and the environmental, social and political consequences of these decisions. Students will look at patterns across the cultural landscape, identifying trends and anticipate future phenomena. They will use different methods and tools geographers use in their science and practice. This class is designed to meet AP standards and requirements (these

¹ *NOTE: I reserve the right to change the policies of this syllabus for the proper facilitation of this course.

can be found on the AP College Board website). The class will prepare students to take the cumulative AP Human Geography test at the end of the school year.

The College Board goal for AP Human Geography students is to become more geoliterate, engaged in contemporary global issues, and informed about multicultural viewpoints. They will develop skills in approaching problems geographically, using maps and geospatial technologies, thinking critically about texts and graphic images, interpreting cultural landscapes, and applying geographic concepts such as scale, region, diffusion, interdependence, and spatial interaction, among others. Students will see geography as a discipline relevant to the world in which they live. The content is presented thematically rather than regionally and is organized around the discipline's main subfields: economic, cultural, and urban geography.

Content Coverage: This year is going to be a whirlwind full of wonderful experiences, excitement, anticipation, and, of course, hard work. You have enrolled in AP Human Geography. This class will be challenging and require preparation and dedication outside of the classroom.

Each unit will expose students to “Big Ideas” and how they spiral across the units, in order that students encounter and improve their knowledge, skills and understanding as the big ideas become more complex. The “Big Ideas” are: **Patterns and Spatial Organization (PSO)**; **Impacts and Interactions (IMP)**; and **Spatial Processes and Societal Change (SPS)**.

- Big Idea 1: PSO- Spatial patterns and organization of human society are arranged according to political, historical, cultural and economic factors;
- Big Idea 2: IMP- Complex relationships of cause and effect exist among people, their environments, and historical and contemporary actions;
- Big Idea 3: SPS- A spatial perspective allows for a focus on the way phenomena are related to one another in particular places, which in turn allows for the examination of human organization and the environmental consequences.

The AP curriculum is extensive and multidimensional. We will be using the following in our year-long study of Human Geography:

- Course text—Hildebrandt's *Human Geography for the AP Course*
- Maps, maps, maps!
- Contemporary news articles from an array of sources.
- Video resources such as clips from national and international news organizations, and documentaries.
- Published data in varied forms that require objective and interpretive analysis.

To prepare you for your end of the year exam, you will be:

- Reading the assigned textbook chapters and other readings,
- Participating in class lectures and activities,
- Regularly practicing answering analytical and interpretive free-response questions like those on the AP exam,
- Regularly practicing answering multiple choice questions like those on the AP exam.

Units: We will be covering the following 7 units.

1. Thinking Geographically
2. Population & Migration Patterns and Processes
3. Cultural Patterns and Processes
4. Political Patterns and Processes
5. Agriculture & Rural Land Use Patterns and Processes

6. Cities & Urban Land Use Patterns and Processes
7. Industrial and Economic Development Patterns and Processes

AP Exam Taking Policy: You will be taking the AP Human Geography Exam at the end of the school year. This is non-negotiable. You must exert your full energies and efforts into ensuring that you grasp the course content in order to pass the exam. Students who fall below a C and show signs of not taking the AP course and exam seriously will be subject to teacher referral to administration for withdrawal from the AP program. You must take the AP exam in order to receive AP level credit for the course. **The AP Human Geography Exam is scheduled for Thursday, May 5, 2022, at 8am.**

Classroom Procedures & Consequences

Classroom Expectations:

1. Be on time.
2. Respect yourself and others.
3. Be prepared.
4. Do your best work.
5. Maintain an environment for learning.
6. Keep a positive attitude.
7. Take responsibility.
8. Dress appropriately.
9. Use your time wisely.

Attendance: Students are expected to be in class every day. Please refer to the Student Handbook on the school's policies toward absences. Unexcused absences and absences due to out-of-school suspension will receive scores of zero on any assignments or assessments due that day.

I do understand that there are unavoidable circumstances in which a student will be absent. When this occurs, **it is the student's responsibility to acquire the materials (i.e.: notes, assignments, etc.) that they missed.** There is an absentee filing box which is used to hold any handouts, worksheets, notes, etc. that were presented in class. There is also a weekly calendar complete with a daily agenda to hold students accountable for organizing homework assignments, due dates, and scheduling for tests and quizzes.

Further, excessive absences can result in loss of credit for the course. "If a student is absent for more than 9 days in a semester, the status of the class becomes an audit and their grades/credits may be withheld. Parental excused, as well as unauthorized absences, will count toward a limit of 9 absences per semester. This policy does not include absences or tardies due to school activities. Cases involving prolonged illness or unusual circumstances will be reviewed by administration."² After 9 absences, students will lose credit for any assessment or assignment missed due to any subsequent absence(s).

GeTtING hOmEWorK

² Student Handbook, p. 13.

Tardiness: Tardiness is absolutely unacceptable. It does not only affect the individual who is tardy, but his/her classmates. The first offense will result in a formal warning. Second and subsequent offenses will result in referral for lunch and/or after school detention. Habitual tardiness will result in administrative action up to suspension and/or loss of credit for this course.

For all periods, students must be present and in their assigned seats at the start of class at the final bell. Students must meet these two requirements in order to accrue credit for that day's assignments or assessments. If an assignment is due at the beginning of the hour and the student is tardy, the student may lose points.

Leaving the Classroom: It is the student's responsibility to come to class prepared. Once the final bell rings, students are expected to have their materials for that day ready immediately. With the exception of using the restroom and calls from the front office and 4A Center, students will not be permitted to leave the classroom during class time. If a student needs to use the restroom, they may raise their hand to be excused. In this case, students are to sign out on the student log, located at the student resource area at the back of the classroom, and turn in their cell phone to the teacher.

Start of Class: Students will be expected to do the following each day:

1. Come to class on time.
2. Grab the required, teacher-produced materials needed for that day's lesson on the student resource area by the door.
3. Sit in their assigned seat.
4. Review the "Agenda" for their class. Complete any tasks listed within the agenda for the day by the ringing of the final bell (i.e. getting out notes/materials from a prior lesson). This means that students should have all materials ready to go immediately upon conclusion of the instructor taking attendance.

Grading Policy

Grading Philosophy: Grading in this course will reflect a student's achievement relative to the assigned coursework (i.e.: tests, quizzes, homework, class work, participation, group projects, etc.).

Course Grading: Each student will receive a letter grade upon completion of this course. This grade will correlate with the effort and achievement of individual students on class assessments and assignments. All assessments and assignments will be recorded in the online grading resource as "Total Points". All points, regardless of category (i.e.: tests/quizzes, classwork, homework), will be weighted equally to the calculation of the course grade. Students and parents can access course grades using the Online Academic Resource via the Student Grades link on www.northpointeprep.com.

Grade Breakdown: The grade percentages that correlate with the actual letter grade are listed below.

| Percentage | Letter Grade |
|------------|--------------|
| 90-100+% | A |
| 80-89% | B |
| 65-79% | C |

| | |
|-----------|---|
| 55-64% | D |
| below 55% | F |

Semester Grades: Per North Pointe Social Studies Department policy, semester grades will be weighted as follows:

$$40\% (\text{Quarter 1/3}) + 40\% (\text{Quarter 2/4}) + 20\% (\text{Final Exam}) = \text{Final Grade}$$

Example: Jane earned an 87% Quarter 1, a 94% Quarter 2, and an 85% on her Semester 1 Final Exam. What would her final grade for the class be?

$$87(x.40) + 94(x.40) + 85(x.20)$$

$$=34.8 + 37.6 + 17$$

$$=89.4\% \text{ B (this would be rounded to 89\% in the gradebook)}$$

Late Work: Late work will **NOT** be accepted. This means that there is no late work; being late equates to a ZERO. Being prompt on class work is critical. Students are to effectively manage their time in order to complete the work assigned to them. If a student develops a habit of not turning in work on time, immediate communication with both the student and his/her parent/guardian will occur to resolve the issue. This policy is meant to prepare students for the time management skills needed in a challenging college/university environment.

The obvious exception is that of the ill or absent student. Per the Student Handbook, students are granted two days upon their return to make up class work and missed tests and quizzes.

Plagiarism: Plagiarism is defined as “the unauthorized use or close imitation of the language and thoughts of another author and the representation of them as one’s own original work”.³ Students will be expected to properly cite any information they use in formal assignments. Most instances of plagiarism are accidental, but this does not make it acceptable. If a student engages in plagiarism, they will receive a grade of 0 on whatever assignment, test, or project that contains the plagiarism. Further occurrences will result in administrative discipline. *Plagiarism is serious business*; students must make sure to evaluate their work carefully and critically to avoid this pitfall.

Cheating: Cheating is defined as “tak[ing] an examination or test in a dishonest way, as by improper access to answers.”⁴ Cheating on any exam, quiz, or assignment in this class will result in a grade of 0. No exceptions, no excuses. Students that engage in cheating on multiple occasions will be subject to administrative discipline.

³ "Plagiarism." *Dictionary.com*. N.p., 2010. Web. 28 Apr 2010.

<<http://dictionary.reference.com/browse/plagiarism>>.

⁴ "Cheating." *Dictionary.com*. N.p., 2010. Web. 28 Apr 2010. <<http://dictionary.reference.com/browse/cheating>>.

Extra Credit: Extra credit will be available at my discretion. Students are welcome to propose an extra credit opportunity, but they must bear in mind that not every proposal will be accepted.

Expected Student Behavior

Student Attention: Students will be expected to pay attention during the lesson. Paying attention while someone else is speaking is a major part of creating a respectful environment. In addition, most of the course material will be presented via lecture. Notes are mandatory to do well in this class. The majority of the information will not be blatantly printed on the provided materials. This means that you will have to attend to the entire lecture and generate your own, marginal notes consistently. This is preparation for a college environment, where student-centered note-taking is a crucial skill.

Cell Phones & Other Devices: Students are expected to have their devices turned off, or to silent, and stored during class time. This is a point of respect for both the teacher and classmates; while in class, students should have their complete attention on the work of the course. In this respect, cell phones and other devices (i.e.: smart watches, tablets, handheld games, etc.) are not to be used during the class period unless instructed otherwise for the facilitation of coursework.

If a cell phone, or other like device, causes a disruption to the class, it will be confiscated for the class period. Multiple occurrences will lead to confiscation for a full academic day and/or turning the device into the front office to be picked up by a parent. Insubordination in regard to device use may result in administrative, disciplinary action.

Devices may not be in sight during any testing period. This includes when a student is finished with an assessment. Use or presence of a device during an exam or quiz will automatically render a score of zero for the student.

Discussion Decorum: Throughout this course, we will be discussing some very controversial issues. Unlike our elected officials, it is expected that students respectfully disagree with one another. **I will not tolerate any personal attacks or rude comments between any students.** Any breach of this decorum will result in loss of credit for the assignment that day and potentially administrative action.

Tutoring Policy: If a student is earning a grade of D or F, they should strongly consider attending tutoring from 2:35pm-3:30pm Mondays and Wednesdays until their grade improves to at least a C. Students with failing grades will fill out and sign an Individualized Academic Plan. This plan is designed for students to commit to specific, problem-solving strategies to improve their grade. Students with failing grades will be on academic probation until their grade improves to a C.

Course Failure Policy: Once enrolled, North Pointe does not accept course credit from other high school or online institutions.

Parent Communication

Parents may contact me using the contact information listed at the top of this syllabus. Due to other responsibilities, I am not available for face-to-face meetings. Email is the best mode of contact. Behavior and academic issues will warrant parent contact. Administration will step in if an issue remains unresolved.
