

Welcome to Biology 2021-2022

Instructor: Alexis Varner

E-Mail Address: avarner@pointeschools.org

School Number: 623-209-0017

Tutoring Hours: Monday and Wednesday

Classroom: Room 211

2:35pm to 3:30pm

Course Description

Biology introduces biological sciences to students. Concepts of basic biology and chemistry will be focused on in this course. The topics that will be covered include, but are not limited to: What biology is, the scientific method, introduction to elements and chemical bonding, cells, genetics, evolution, classification of species, bacteria and viruses, protists, plants, and animals.

Course Content and Overview

Semester 1	Semester 2
<ul style="list-style-type: none">• The Science of Biology (Quarter 1)• Chemistry of Life (Quarter 1)• Cells (Quarter 1)• Photosynthesis and Cellular Respiration (Quarter 2)• Mitosis and Meiosis (Quarter 2)• Genetics (Quarter 2)	<ul style="list-style-type: none">• DNA, RNA, and Protein synthesis (Quarter 3)• Evolution (Quarter 3)• Ecosystem and Biomes (Quarter 3)• Populations and Ecosystem Dynamics (Quarter 4)• Virus, Bacteria, Protists, and Fungi (Quarter 4)• Plant and Plant Structure (Quarter 4)

*The instructor reserves the right to modify the syllabus and schedule as necessary to facilitate the objectives of the course

Course Textbook

Miller, K., & Levine, J. (2019). *Biology*. Pearson Higher Education.

Cost to replace a textbook is \$100.

Materials

Students will need a notebook (or loose leaf paper), pens or pencils, and a folder.

Grading

You can access our Online Academic Resource through our Student Grades link on northpointeprep.com.

Grades will be based on points earned from tests, quizzes, labs, and class assignments.

The following table is an approximation of the points per quarter.

Category	Points	Total Points
3 Tests	80 Points each	240 Total Points*
5 to 7 Labs/Projects	60 Points each	300 to 420 Total Points*
Assignments	10 to 20 Points Each	300 Total Points*
10 Quizzes	20 Points Each	200 Total Points*

*The total points for each category is subject to change.

Letter grades will be earned according to the following percentages:

A	90% -100%
B	80% -89%
C	70% -79%
D	60% -69%
F	59% or lower

D and F Grades

As soon as the student's grade falls below a C, per school policy, parents will be e-mailed no later than the end of the following school day. If the student's grade becomes an F, the parent/guardian will be notified in the time frame set forth by the student handbook, and the student will be required to attend mandatory tutoring until the grade is brought up to at least a D. Failing to attend mandatory tutoring will result in ISS or other disciplinary action seen fit by administration. **It is the student's responsibility to communicate with the teacher if he/she has tutoring with another teacher.** Failing to do so will be seen as failure to attend mandatory tutoring, thus following the same consequences mentioned earlier. Frequently checking your grade online is ESSENTIAL! Missing work or forgetting to turn work in DOES lower your grade!

*Once enrolled, North Pointe does not accept course credit from other high school or online institutions.

Attendance Policy

An absence will only be considered excused when the parent/guardian contacts the school office, via phone, attendance line, and/or e-mail prior to 9am the day of the absence. If a parent/guardian **does not call or e-mail** by 9 am on the day of the absence, an **unexcused absence** will occur and credit for assignments, tests, labs, and/or quizzes due that day will NOT be given.

Meaning, anything due that day will result in a zero (0).

If a student is absent for more than 9 days per semester, the status of the class becomes an audit and their grades/credits may be withheld.

Make-up Exams and Quizzes

Make-up exams will only be given if the student had an excused absence the day the exam was given. If the absence is unexcused, a zero (0) will be given for the test and the student CANNOT make the test up. If the absence is an excused absence, the student will take the

make-up exam during tutoring. Taking the exam during tutoring hours ensures the student will have a quiet place to focus on the exam, as well as not miss that day's instruction.

Make-up Work

Make-up work will only receive credit if the student had an excused absence on the day it was due. The student will have two (2) days per excused absence, up to one (1) week, to complete the missing work.

If the absence was unexcused, the student will receive a zero (0) for the assignment(s). The student may obtain the missed assignment(s) to help keep from falling behind, but the assignment cannot be turned in for credit.

It is the student's responsibility to make up work missed during the absence.

Incomplete and Late Work

Incomplete work will be accepted. However, it will be graded as is.

Late work will be accepted; however, it will be worth 50% of the original value starting the day after it was due. It will not be accepted after one (1) week from the due date.

Any lab the student misses must be made up in tutoring the week the lab was performed. Most materials used in the lab are organic and tend to go bad after a week. Once the material goes bad, the lab cannot be completed. If the student does not make up the lab in that time frame, a zero (0) will be given.

Course Management and Academic Integrity

Please follow these and all other rules and expectations located in the student handbook set by North Pointe Prep.

- Inappropriate behavior and/or language will not be tolerated and will result in immediate disciplinary action.
- Be on time: Students are expected to be in class, sitting in his/her assigned seat, working on the bell work, located on the board, when the final bell rings.
- Students need to be prepared each day
 - Being prepared means: bring a **pen** or **pencil**, his/her binder, notebook, or folder with his/her work in it and notes in it to class each day.
- During class, **no cell phones**, headphones, or other electronic devices are to be used or seen. Only educational items are to be on the student's desk (i.e. pencil, paper, worksheet, notebooks, etc).

Academic Integrity

The highest standards of academic integrity are expected of students. Violation(s) of academic integrity include(s), but are not limited to, cheating, fabrication, tampering, and plagiarism.

Please feel free to e-mail me at avarner@pointeschools.org if you have any questions, comments, or concerns. I look forward to getting to know you, the students, and to having a wonderful year!

Parents and Students

Please fill out the information on this page and have your student return it by August 6, 2021.
